

## **Consent for Sharing Evidence of Student Learning Using Digital Tools**

*Parents and guardians: Please complete and sign*

### **Communication About Your Child's Learning**

Your child's teacher is interested in sharing your child's learning to you through one of many digital methods available. These methods are district approved and BC Privacy Law compliant. This will allow you to receive communication about your child's learning to your phone, tablet or home computer. These communications will include such things as teacher and student comments, pictures, videos and sound files of your child's work. Samples of partner, small group and large group evidence of learning may also be shared to you. When samples are shared home, other parents may see pictures, videos and sound files with your child in them. All digital evidence of learning will be stored securely online.

Teachers will be mindful of the images they share with other families and are committed to being respectful with what they choose to post. Parents may request to have evidence removed at any time should there be a concern. For privacy purposes anything posted to the online portfolio should never be reshared or copied to others by the viewing family or student.

Please respond to the statements below to participate or decline.

#### **As the Parent and/or Legal Guardian:**

**I hereby authorize the Cowichan Valley School District to allow digital evidence of learning involving my child to be posted to his/her online portfolio as well as to classmates' online portfolios.**

Yes                       No

You may withdraw this consent at any time by contacting your child's teacher.
